HealthHub

Medical Weight Loss Clinic

FEES AND SERVICES

Medical weight loss services at the Women's Health Hub are delivered by experienced doctors and are tailored to the individual using evidence-based prescribing and appropriate clinical monitoring.

Medication costs are not included in consultation fees and are charged separately by the dispensing pharmacy.

CONSULTATIONS & FOLLOW UPS

SERVICE	PRICE
Initial Consultation and Treatment Initiation - Includes a full clinical consultation, baseline blood tests, and a comprehensive review of medical history, lifestyle factors, and weight-loss goals. Where appropriate, this appointment includes initiation of medical weight loss treatment and a personalised management plan.	£200
One-Month Follow-Up Consultation (if required) - A review appointment for patients established on treatment, suitable for monitoring progress and tolerance. Not intended for new or complex problems	£45
Three-Month Review with Blood Tests - A mandatory follow-up appointment to review response to treatment, assess blood results, and consider dose adjustment or ongoing management. Blood tests are included.	£100
Telephone Query - A telephone call for advice or queries related to ongoing treatment where a face-to-face appointment is not required.	£20
